

Material and Qualification Procedures for Ships

Introduction

This document contains the links to procedures to be followed when applying for approval / recognition against Lloyd's Register's Rules for the Manufacture, Testing and Certification of Materials (hereinafter referred to as the Rules for Materials) which forms part of Lloyd's Register's Rules and Regulations for the Classification of Ships (hereinafter referred to as the Rules for Ships) and other marine related Regulations and Requirements.

Related procedures are grouped together into Books A to P.

The procedures are intended to be available to LR Surveyors and manufacturers, fabricators, testing establishments seeking approval.

Upon completion of the specified inspection and/or testing programme required by these procedures, a report is submitted to the Global Technology Centre - Materials and NDE. If considered to be satisfactory a certificate will be issued and the approved manufacturer / product / procedure will be entered in the relevant Lloyd's Register approved / recognized / accepted list.

Contents

- Book A** Guidelines for Qualification of Welding Procedures, Welders and Weldability
- Book B** Procedure for Periodic Inspection of Approved Works
- Book C** Procedures for Approval of a Works for Steelmaking and Rolled Steel Products
- Book D** Procedures for Approval of a Works for the Manufacture of Steel Castings
- Book E** Procedures for Approval of a Works for the Manufacture of Steel Forgings
- Book F** Procedures for Approval of a Works for the Manufacture of Iron Castings
- Book G** Procedures for Approval of a Works for the Manufacture of Non-Ferrous Alloy Products
- Book H** Procedures for Approval of a Works or Proving Establishment for Chain Cable or Wire Rope
- Book J** Procedures for Approval of Welding Consumables and Manufacture of Fabricated Steel Sections
- Book K** Procedures for Approval of Plastic Materials
- Book L** Procedures for Approval of Repair Procedures
- Book M** Procedures for the Approval in accordance with the Materials Quality Scheme (MQS)
- Book N** Procedures for Approval of NDE Firms & Service Suppliers
- Book P** Procedures for Approval of Paints and Coatings

Book A	Guidelines for Qualification of Welding Procedures, Welders and Weldability
Procedure 0-3	Guidelines for Weldability Tests for Normal and High Strength Steel
Procedure 0-4	Approval of Works for the Manufacture of Fusion Welded Pressure Vessels
Book B	Procedure for Periodic Inspection of Approved Works
Procedure 1-1	Periodic Inspection of Approved Works
Book C	Procedures for Approval of a Works for the Manufacture of Steel
Procedure 3-0	Approval of a Steelworks for the Manufacture of Steel and Semi-finished Products
Procedure 3-1	Approval of a Steelworks for the Manufacture of Ship Steels and Boiler and Pressure Vessel Steels with the option of Specified Through-Thickness Properties
Procedure 3-2	Approval of a Steelworks for the Manufacture of Ferritic Steels and Nickel Steels for Low Temperature Applications
Procedure 3-3	Approval of a Steelworks for the Manufacture of Corrosion Resistant Steel for Cargo Oil Tanks of Crude Oil Carrier in compliance with IMO Resolution MSC289(87)
Procedure 3-4	Approval of a Steelworks for the Manufacture of High Strength Quench and Tempered Steels
Procedure 3-5	Approval of a Steelworks for the Manufacture of Stainless Steels
Procedure 3-6	Approval of a Works for the Manufacture of Clad Steel Plate for Tank Production
Procedure 3-7	Approval of a Steelworks for the Manufacture of Bar Material for Chain Cable

Procedure 6-1

Approval of a Works for the Manufacture of Steel Pipes and Tubes

Procedure 6-2

Approval of a Works for the Manufacture of Non-Heat Treated ERW Steel Pipes.

Procedure 6-3

Approval of a Works for the Manufacture of Ferritic Steel and Nickel Steel Pipes for Low Temperature Service

Book D

Procedures for Approval of a Works for the Manufacture of Steel Castings

Procedure 4-1

Approval of a Works for the Manufacture of Steel Castings

Procedure 4-2

Approval of a Works for the Manufacture of Steel Castings for Crankshafts

Procedure 4-3

Approval of a Works for the Manufacture of Stainless Steel Castings including Propellers

Procedure 4-4

Approval of a Works for the Manufacture of Steel Castings for Container Corner Fittings

Procedure 4-5

Approval of a Works for the Manufacture of Ferritic Steel Castings for Low Temperature Service

Book E

Procedures for Approval of a Works for the Manufacture of Steel Forgings

Procedure 5-1

Approval of a Works for the Manufacture of Steel Forgings

Procedure 5-2

Approval of a Works for the Manufacture of Steel Forgings for Semi-Built and Continuous Grain Flow Crankshafts

Book F **Procedures for Approval of a Works for the Manufacture of Iron Castings**

Procedure 7-1

Approval of a Foundry for the Manufacture of Iron Castings

Procedure 7-2

Approval of a Foundry for the Manufacture of Iron Castings for Crankshafts

Book G **Procedures for Approval of a Works for the Manufacture of Non-Ferrous Alloys**

Procedure 8-1

Approval of a Works for the Manufacture of Plates, Sections and Bars in Aluminium Alloys

Procedure 8-2

Approval of a Works for the Manufacture of Aluminium Castings

Procedure 8-3

Approval of a Works for the Manufacture of Explosion Bonded Transition Joints

Procedure 8-4

Approval of a Works for the Manufacture of Aluminium Forgings

Procedure 9-1

Approval of a Works for the Manufacture of Copper Alloy Castings for Propellers

Procedure 9-2

Approval of a Works for the Manufacture of Copper Alloy Castings for Valves, Liners and Bushes

Procedure 9-3

Approval of a Works for the Manufacture of Copper and Copper Alloy Tubes

Book H **Procedures for Approval of a Works or Proving Establishments for Chain Cable and Wire Rope**

Procedure 10-1

Approval of a Works for the Manufacture of Chain Cable for ships

Procedure 10-2

Approval of a Works for the Manufacture of Offshore Mooring Chain Cable

Procedure 10-3	Approval of a Works for the Manufacture of Fittings for Ship Chain Cable
Procedure 10-4	Approval of a Works for the Manufacture of Fittings for Mooring Chain Cable
Procedure 10-5	Approval of a Works for the Manufacture of Steel Wire Rope
Procedure 10-6	Recognition of a proving Establishment
Procedure 10-7	Approval of Short Link Chain Cable
Book J	Procedures for Approval of Welding Consumables and Manufacture of Fabricated Steel Sections
Procedure 11-1	Approval of welding Consumables
Procedure 11-2	Annual Re-approval of Welding Consumables
Procedure 11-3	Acceptance of a QA System for Maintenance of Approval of Welding Consumables
Procedure 11-4	Approval of Welding Consumables Manufactured Under Guarantee (MUG)
Procedure 11-5	Approval of Welding Consumables for Companies Marketing a Manufacturer's Approved Product
Procedure 11-6	Supplementary List of Certified Welding Consumables
Procedure 11-7	Determination of Hydrogen in Weld Metal using a Glycerine Method
Procedure 11-8	Determination of Hydrogen in Weld Metal: Adaptation of ISO 3690 for Other Welding Processes
Procedure 11-9	Low Hydrogen Approval of Temporary Backing Material for One-side Welding
Procedure 12-1	Approval of a Works for the Manufacture of Fabricated Steel Sections

Book K Procedures for Approval of Plastic Materials

Procedure 14-1

Approval of Gel Coat and Laminating Resins

Procedure 14-2

Approval of Fibre Reinforcements

Book L Procedures for Approval of Repair Procedures

Procedure 15-1

Approval Scheme for Firms undertaking Thermal Spraying Processes

Procedure 15-2

Approval Scheme for Firms undertaking Electrolytic Plating Processes

Book M Procedures for the Approval in accordance with the Materials Quality Scheme (MQS)

Procedure 1-2

Approval of a Manufacturer according to the Materials Quality Scheme

Book N Procedures for Approval of NDE Firms & Service Suppliers

Procedure 17-1

Approval for Thickness Measurement of Hull Structure

Procedure 17-2

Recognition of NDE Companies

Book P Procedures for Approval of Paints and Coatings

Procedure 19-1

Approval procedure for Laboratories engaged in testing of coating systems in accordance with IACS Z17 and IMO MSC. 215(82) and/or MSC.288(87).

Procedure 19-2

Approval procedure for Laboratories engaged in testing of corrosion resistant steels in accordance with IMO MSC.289(87)

Procedure 19-3

Approval procedure for water ballast tank coating systems in accordance with IMO MSC.215(82) and IACS UI SC223 (PSPC-WBT)

Procedure 19-4

Approval procedure for cargo oil tank coating systems in accordance with IMO MSC.288(87) and IACS UI SC259 (PSPC-COT)

Procedure 19-5

Approval procedure for pre-fabrication primers

Procedure 19-6

Procedure for recognition of TBT-free anti-fouling coatings in accordance with IMO AFS Convention

Procedure 19-7

Procedure for recognition of corrosion control coatings

Procedure 19-8

Procedure for recognition of abrasion resistant ice coatings

Procedure 19-9

Procedure for recognition of maintenance coatings

Lloyd's Register Group Limited, its subsidiaries and affiliates and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
